CHAIRMAN'S MESSAGE

In the Name of Allah, the Most Gracious, the Most Merciful

Dear Respected Community Members,

It is with deep gratitude to Allah ﷻ that I extend my heartfelt message to you. Ibadullah Welfare Trust (IWT) was founded on the guiding principles of Islam—compassion, service, and sincerity—striving to create a just and empowered society where no one is left behind.

Through our dedicated efforts in education, we aim to uplift lives and serve humanity with excellence and sincerity through the power of education. Our mission is not just to provide aid but to create sustainable solutions that bring lasting change to individuals and communities. None of this would be possible without the unwavering support of our Trustees, staff members, and well-wishers. Your contributions—whether through time, resources, or prayers—are the driving force behind our success.

As we continue on this noble path, we invite you to join hands with us in making a meaningful impact, ensuring that our collective efforts become a source of benefit in this life and the Hereafter.

May Allah bless and accept our efforts, and may He guide us to serve with sincerity and excellence.

Sincerely,

Muhammad Ather Sultan
Chairman,
Board of Trustees
Ibadullah Welfare Trust

REFLECTIONS' STORY

An Educational Project of Ibadullah Welfare Trust

Reflections has grown from a student body of merely 30 students to about 1100 students, since its inception in 2004.

With the mission, "to be an exemplary institution, providing a balanced education, to develop God-fearing leaders", Reflections seeks to have excellent school reputation, a transformative Tarbiyah programme, life changing Islamic education, world-ready academics and conscious development of leadership at school.

Reflections aspires to achieve all of these through sincerity, balance, excellence, tolerance and shariah-mindedness.

We moved from our initial campus on rented premises measuring 1000 square yards to our purpose-built campus of over 23,000 square yards (four and a half acres) in 2007. Our school campus houses a gymnasium, two swimming pools, a well-equipped library, a football ground, futsal ground, basketball court, Hifz hall, three computer labs, separate laboratories for physics and biochemistry, an audio-visual room, a builder's area, multi-purpose hall, two health bays and an art room.

In 2009, our first student completed Hifz ul Quran. Today we have close to 300 students who have completed the hifz of the Quran.

In 2015, our first batch of students graduated with a Cambridge GCE O level certification. The school is proud to have had 6 Cambridge distinctions (2 in Arabic language and 4 in Urdu language).
